

Taft Avenue Sewer Improvement Project

The Taft Sewer Improvement Project is upgrading nearly two miles of regional sewer pipeline, increasing its size from 12-15 inches to 18-21 inches for better capacity and reliability. Crews will dig a trench approximately 20 feet deep to access and replace the existing pipe. We appreciate your patience during this essential work.

Location: Taft Ave. from Glassell St. to Tustin St.

Construction will be performed in sections along Taft Ave.

When: Starting Mid-March 2025 and ongoing for a year. *

Hours: Monday-Friday 7 a.m. to 7 p.m.

Occasional night and weekend work may be necessary. *

Impacts:

- Some turns may be temporarily restricted—please follow posted signs and plan commute accordingly.
- At least one lane will remain open for eastbound and westbound traffic at all times.
- Parking will be restricted near the construction zone.
- Potential bus stop relocations.
- Expect dust, noise, and increased activity near the construction zone.
- Traffic control measures will stay in place until each section of the work is finished.

* All dates and times are subject to change due to operational factors or inclement weather.
