

## Breaking Ground and Breaking News: Construction Headed Your Way

We're moving in next door...but don't worry, it's only temporary! Starting in July, we'll be kicking off the **Cypress Trunk Sewer Project** in your neighborhood.

Over the next three years, we're giving nearly 7 miles of regional sewer lines and 100 manholes a much-needed upgrade in the cities of Cypress, Los Alamitos, and La Palma. This will help our underground infrastructure flow better and last longer.

See reverse for ways to stay connected! ➡

The Orange County Sanitation District (OC San) is a public agency that provides regional wastewater collection, treatment, and recycling services for approximately 2.6 million people in central and northwest Orange County. OC San operates two facilities, 15 pump stations, almost 400 miles of regional sewer pipes, and treats more than 190 million gallons of wastewater each day.
